EDUCATION

Ph. D. Astrophysics **2019-2025**
Radboud University, Nijmegen, The Netherlands.
Thesis: “Starlight polarization, a Galactic compass: Navigating the magnetized turbulent interstellar medium”
Supervisors: Prof. Dr. Marijke Haverkorn and Dr. Claudia Rodrigues
M. Sc. by Research in Physics and Astronomy **2018-2019**
University of Leeds, Leeds, United Kingdom.
Thesis: “Pattern Finding in Samples of Spectroscopy Data”
Supervisors: Dr. Stuart Lumsden and Dr. Catherine Walsh
B. Sc. Astronomy **2010-2017**
University of Antioquia, Medellín, Colombia.
Thesis: “Constraints on photoevaporation models of protoplanetary disks: new observations in Corona Australis”
Supervisors: Dr. Roberto Galván-Madrid and Dr. Pablo A. Cuartas

PROFESSIONAL APPOINTMENTS

Postdoctoral Researcher **2024-2027**
Astronomy and Plasma Physics Division, Chalmers University of Technology, Sweden.
Supervisor, CASSUM Research Fellowships **2026**
Astronomy and Plasma Physics Division, Chalmers University of Technology, Sweden.
Doctorate Candidate **2019-2024**
Department of Astrophysics/IMAPP, Radboud University, The Netherlands.
Teaching Assistant, Observational Astronomy **2019-2023**
Department of Astrophysics/IMAPP, Radboud University, The Netherlands.
Teaching Assistant, Formation and Evolution of Galaxies **2019-2023**
Department of Astrophysics/IMAPP, Radboud University, The Netherlands.
Teaching Assistant, Computing: Python **2019**
School of Physics and Astronomy, University of Leeds.
Professional in Production of Astronomical Content for Planetariums **2018**
Parque Explora and Planetarium of Medellín, Medellín, Colombia.
Science Communicator **2011-2017**
Parque Explora and Planetarium of Medellín, Medellín, Colombia.

GRANTS

Project Investigator: “A Python-based data reduction pipeline for wide-field, multi-wavelength optical polarization.” **2026**
Wilhelm & Martina Lundgrens Vetenskapsfond (Sweden)

Reference number: 2026-Chalmers-5311. Total award: SEK 40.000. Duration: 2026.

MAGALOPS: The MAGnetic field in the GALaxy, using Optical Polarization of Stars

2019-2024

European Research Council (Brussels, BE). Grant number: 772663.

DARA Big Data: Colombia

2018-2019

Science and Technology Facilities Council (Swindon, GB). Grant number: ST/R001944/1.

OTHER PROFESSIONAL ACTIVITIES AND MEMBERSHIPS

SOC chair, SouthPol II meeting

2026

INPE, Brazil.

Junior member, International Astronomical Union (IAU)

2026-pres.

Worldwide.

Member, European Astronomical Society (EAS)

2025-pres.

Europe.

Member, VLT Survey Telescope polarimeter VSTPOL collaboration

2025-pres.

Worldwide.

SOC member, SouthPol I meeting

2025

LNA, Brazil.

Mentor, Network of Colombian astronomy students (RECA) mentorship program

2023-pres.

Colombia.

Member, Interstellar MAGnetic field INference Engine (IMAGINE) consortium

2019-pres.

Radboud University, Nijmegen, The Netherlands.

Member, All-southern-sky survey SouthPol collaboration

2019-pres.

Brazil, The Netherlands, Chile, and Japan.

Organizer, Sterrenkundeclub (Astronomy Club) Radboud

2022-2023

Radboud University, Nijmegen, The Netherlands.

Member, MAGALOPS: The MAGnetic field in the GALaxy, using Optical Polarization of Stars research group

2019-2024

Radboud University, Nijmegen, The Netherlands.

Member, Computational Physics and Astrophysics (FACom) research group

2014-2018

University of Antioquia, Medellín, Colombia.

RESEARCH INTERESTS

Galactic magnetism and interstellar medium

Study the properties of the Galactic magnetic field and the general interstellar medium using observational tracers in different wavelengths, such as starlight polarization, polarized thermal dust emission, synchrotron emission, dust extinction, atomic and molecular line emission, and among others.

Stellar Formation

Studying the chemical and physical evolution of star-forming regions of massive stellar young objects through radio observations and machine learning classification techniques.

PUBLICATIONS

First-author refereed journal articles

4. **Y. Angarita**, M. J. F. Versteeg, M. Haverkorn, et al. 2025, [AJ](#), **170**, 57.
3. **Y. Angarita**, G. Chaparro, S. L. Lumsden, et al. 2025, [A&A](#), **694**, A20.
2. **Y. Angarita**, M. J. F. Versteeg, M. Haverkorn, et al. 2024, [AJ](#), **168**, 47.
1. **Y. Angarita**, M. J. F. Versteeg, M. Haverkorn, et al. 2023, 772 [AJ](#), **166**, 34.

Other refereed journal articles

4. J.R. Ramírez-Arellano, C. Carrasco-González, R. Galván-Madrid, et al. incl. **Y. Angarita**. 2026, *MNRAS*, **548**, 4.
3. M. J. F. Versteeg, **Y. Angarita**, A. M. Magalhães, et al. 2024, *AJ*, **167**, 177.
2. Y. Doi, K. Nakamura, K. S. Kawabata, et al. incl. **Y. Angarita**. 2024, *ApJ*, **961**, 13.
1. M. J. F. Versteeg, A. M. Magalhães, M. Haverkorn et al. incl. **Y. Angarita**. 2023, *AJ*, **165**, 87.

Conference Proceedings

1. A. M. Magalhães, R. Santos de Lima, C. V. Rodrigues et al. incl. **Y. Angarita**. 2022, Bulletin of the AAS, **54**(6).

Under review or in progress

4. Y. Doi, T. Hori, T. Maruta, et al. incl. **Y. Angarita**. Submitted to ApJ in 2026.
3. VSTPOL collaboration, et al. incl. **Y. Angarita**. Submitted to Exp. Astron. in 2026.
2. M. J. F. Versteeg, **Y. Angarita**, M. Haverkorn, et al. To be submitted to A&A in 2026.
1. **Y. Angarita**, G. Panopoulou, C.V. Rodrigues, et al. To be submitted to A&A in 2026.

SCIENTIFIC PRESENTATIONS

Invited Talks, Colloquium, and Seminars

- | | |
|--|------------------|
| 15. Colloquium , IRyA colloquium
<i>IRyA-UNAM, Morelia, Mexico.</i> | May. 2026 |
| 14. Seminar , INPE Astrophysics Seminars
<i>Instituto Nacional de Pesquisas Espaciais (INPE), São José dos Campos, Brazil.</i> | Mar. 2026 |
| 13. Invited Talk , Del Barrio a las Estrellas
<i>ITM museum, Medellín, Colombia.</i> | Dec. 2025 |
| 12. Seminar , Department of Astronomy Seminar
<i>University of São Paulo, São Paulo, Brazil.</i> | May. 2025 |
| 11. Seminar , Astro-Seminar, Astronomy and Plasma Physics Division
<i>Chalmers University of Technology, Gothenburg, Sweden.</i> | Mar. 2025 |
| 10. Seminar , Department of Physics Seminar
<i>University of Crete, Crete, Greece.</i> | Nov. 2024 |
| 9. Invited Talk , KIPAC Tea Talk
<i>KIPAC, Stanford University, California, USA.</i> | Nov. 2023 |
| 8. (<i>virtual</i>) Invited Talk , Conexión Sin Fronteras Program
<i>Medellín, Colombia.</i> | Jun. 2022 |
| 7. (<i>virtual</i>) Invited Talk , Origenes Talk Series
<i>Medellín, Colombia.</i> | Jul. 2021 |
| 6. (<i>virtual</i>) Invited Talk , UniverCitas Talk Series
<i>Medellín, Colombia.</i> | Mar. 2021 |

5. (virtual) **Invited Talk**, Hablemos del Universo Talk Series
Planetarium of Bogotá, Bogotá, Colombia. **Mar. 2021**
4. **Seminar**, Physics Department Seminar
University of Antioquia, Medellín, Colombia. **Sep. 2017**
3. **Seminar**, Summer School Seminar
ASTRON/JIVE, Dwingeloo, Netherlands. **Jul. 2017**
2. **Seminar**, Physics Department Seminar
University of Antioquia, Medellín, Colombia. **Aug. 2016**
1. **Seminar**, 1st Summer Stays in Astrophysics Seminar
IRyA-UNAM, Morelia, Mexico. **Jul. 2016**

Contributed Talks and Posters

18. **Talk**, 50 years of Onsala Space Observatory's 20 m telescope
Onsala Space Observatory, Gothenburg, Sweden **May. 2026**
17. **Talk**, SouthPol II Meeting
Instituto Nacional de Pesquisas Espaciais (INPE), São José dos Campos, Brazil **Mar. 2026**
16. **Talk**, Interstellar Institute 7 (II7)
Institut Pascal (IPa), Orsay, Paris, France. **Jul. 2025**
15. **Talk**, SouthPol I Meeting
Laboratório Nacional de Astrofísica (LNA), Itajubá, Brazil **Jun. 2025**
14. (virtual) **Talk**, Structure and polarization in the interstellar medium:
A Conference in Honor of Prof. John Dickey
Worldwide, co-hosted by Stanford University and the Australia Telescope National Facility (ATNF), CSIRO. **Feb. 2025**
13. **Talk**, Cosmic Magnetism in the Pre-SKA Era
Kagoshima University, Kagoshima, Japan. **May. 2024**
12. **Talk**, Salpeter Workshop on the Interstellar Medium
Cornell University, Ithaca, New York, USA. **Dec. 2023**
11. **Talk**, Interstellar Institute 6 (II6)
Institut Pascal (IPa), Orsay, Paris, France. **Jul. 2023**
10. **Talk**, IMAGINE-NORDITA Meeting
Nordic Institute for Theoretical Physics, Stockholm, Sweden. **Apr. 2023**
9. **Poster**, Netherlands Research School for Astronomy (NOVA) evaluation
Groningen, The Netherlands. **Jan. 2023**
8. **Talk**, Netherlands Research School for Astronomy (NOVA)
Network 2 Meeting
Leiden University, Leiden, The Netherlands. **Mar. 2022**

7. **Talk**, Interstellar Institute 5: With Two Eyes (II5) **Jul. 2022**
Institut Pascal (IPa), Orsay, Paris, France.
6. (virtual) **Poster**, 76th Netherlands Astronomers Conference **May 2021**
Leiden, The Netherlands
5. (virtual) **Poster**, IAUS 360: Astronomical Polarimetry 2020. **Mar. 2021**
 New Era of Multi-Wavelength Polarimetry
Hiroshima, Japan
4. (virtual) **Talk**, IMAGINE virtual meeting **Jul. 2020**
3. **Poster**, From Stars to Planets II (FSTPII) Conference **Jun. 2019**
Chalmers University of Technology, Gothenburg, Sweden.
2. **Talk**, IV Symposium in Exact and Natural Sciences **Nov. 2017**
University of Antioquia, Medellín, Colombia.
1. **Talk**, V Colombian Meeting of Astronomy and Astrophysics **Oct. 2017**
 (COCOA) Conference
Technological University of Pereira (UTP), Pereira, Colombia.

OTHER CONFERENCES AND WORKSHOPS

6. COMRAD2024: COsmic Magnetism with RADio Astronomy **Nov. 2024**
Aula Dini, Scuola Normale Superiore, Pisa, Italy
5. IMAGINE: Modelling the Galactic Magnetic Field **Oct. 2021**
Lorentz Center, Leiden, The Netherlands
4. Radio Astronomy for Development in the Americas,
 RADA Big Data, Workshop **Feb. 2019**
Newton Fund and University of Manchester, Medellín, Colombia.
3. Bonn-Dwingeloo Meeting - MPIfR **Jul. 2017**
Max Planck Institute for Radio Astronomy, Bonn, Germany.
2. Communicating Astronomy with the Public (CAP) **May 2016**
Medellín, Colombia.
1. XI Meeting of the Astronomy Network of Colombia (RAC) **Aug. 2010**
Medellín, Colombia.
